

Discrimination and Trust

Experienced Discrimination

All races said they experienced discrimination in the medical field, ranging from **23%** of Hispanic/Latino residents to **35%** of Black/African-American residents.

In Putnam County, **56%** of people said that they do not trust doctors and over a third said doctors do not have a good reputation.

“

We need to create a community where each citizen has the experience of being connected to those around them and knows that their safety and success are dependent on the success of all others.
