

Priority Topics

There were over 40 topics that participants named as their top priorities in their community. **The top three with the highest number of votes from all sessions overall are 1) mental health, 2) housing, and 3) education.** These priorities were similar in many of the sub-populations but often in a different order (see Table 3).

Identifying Priorities

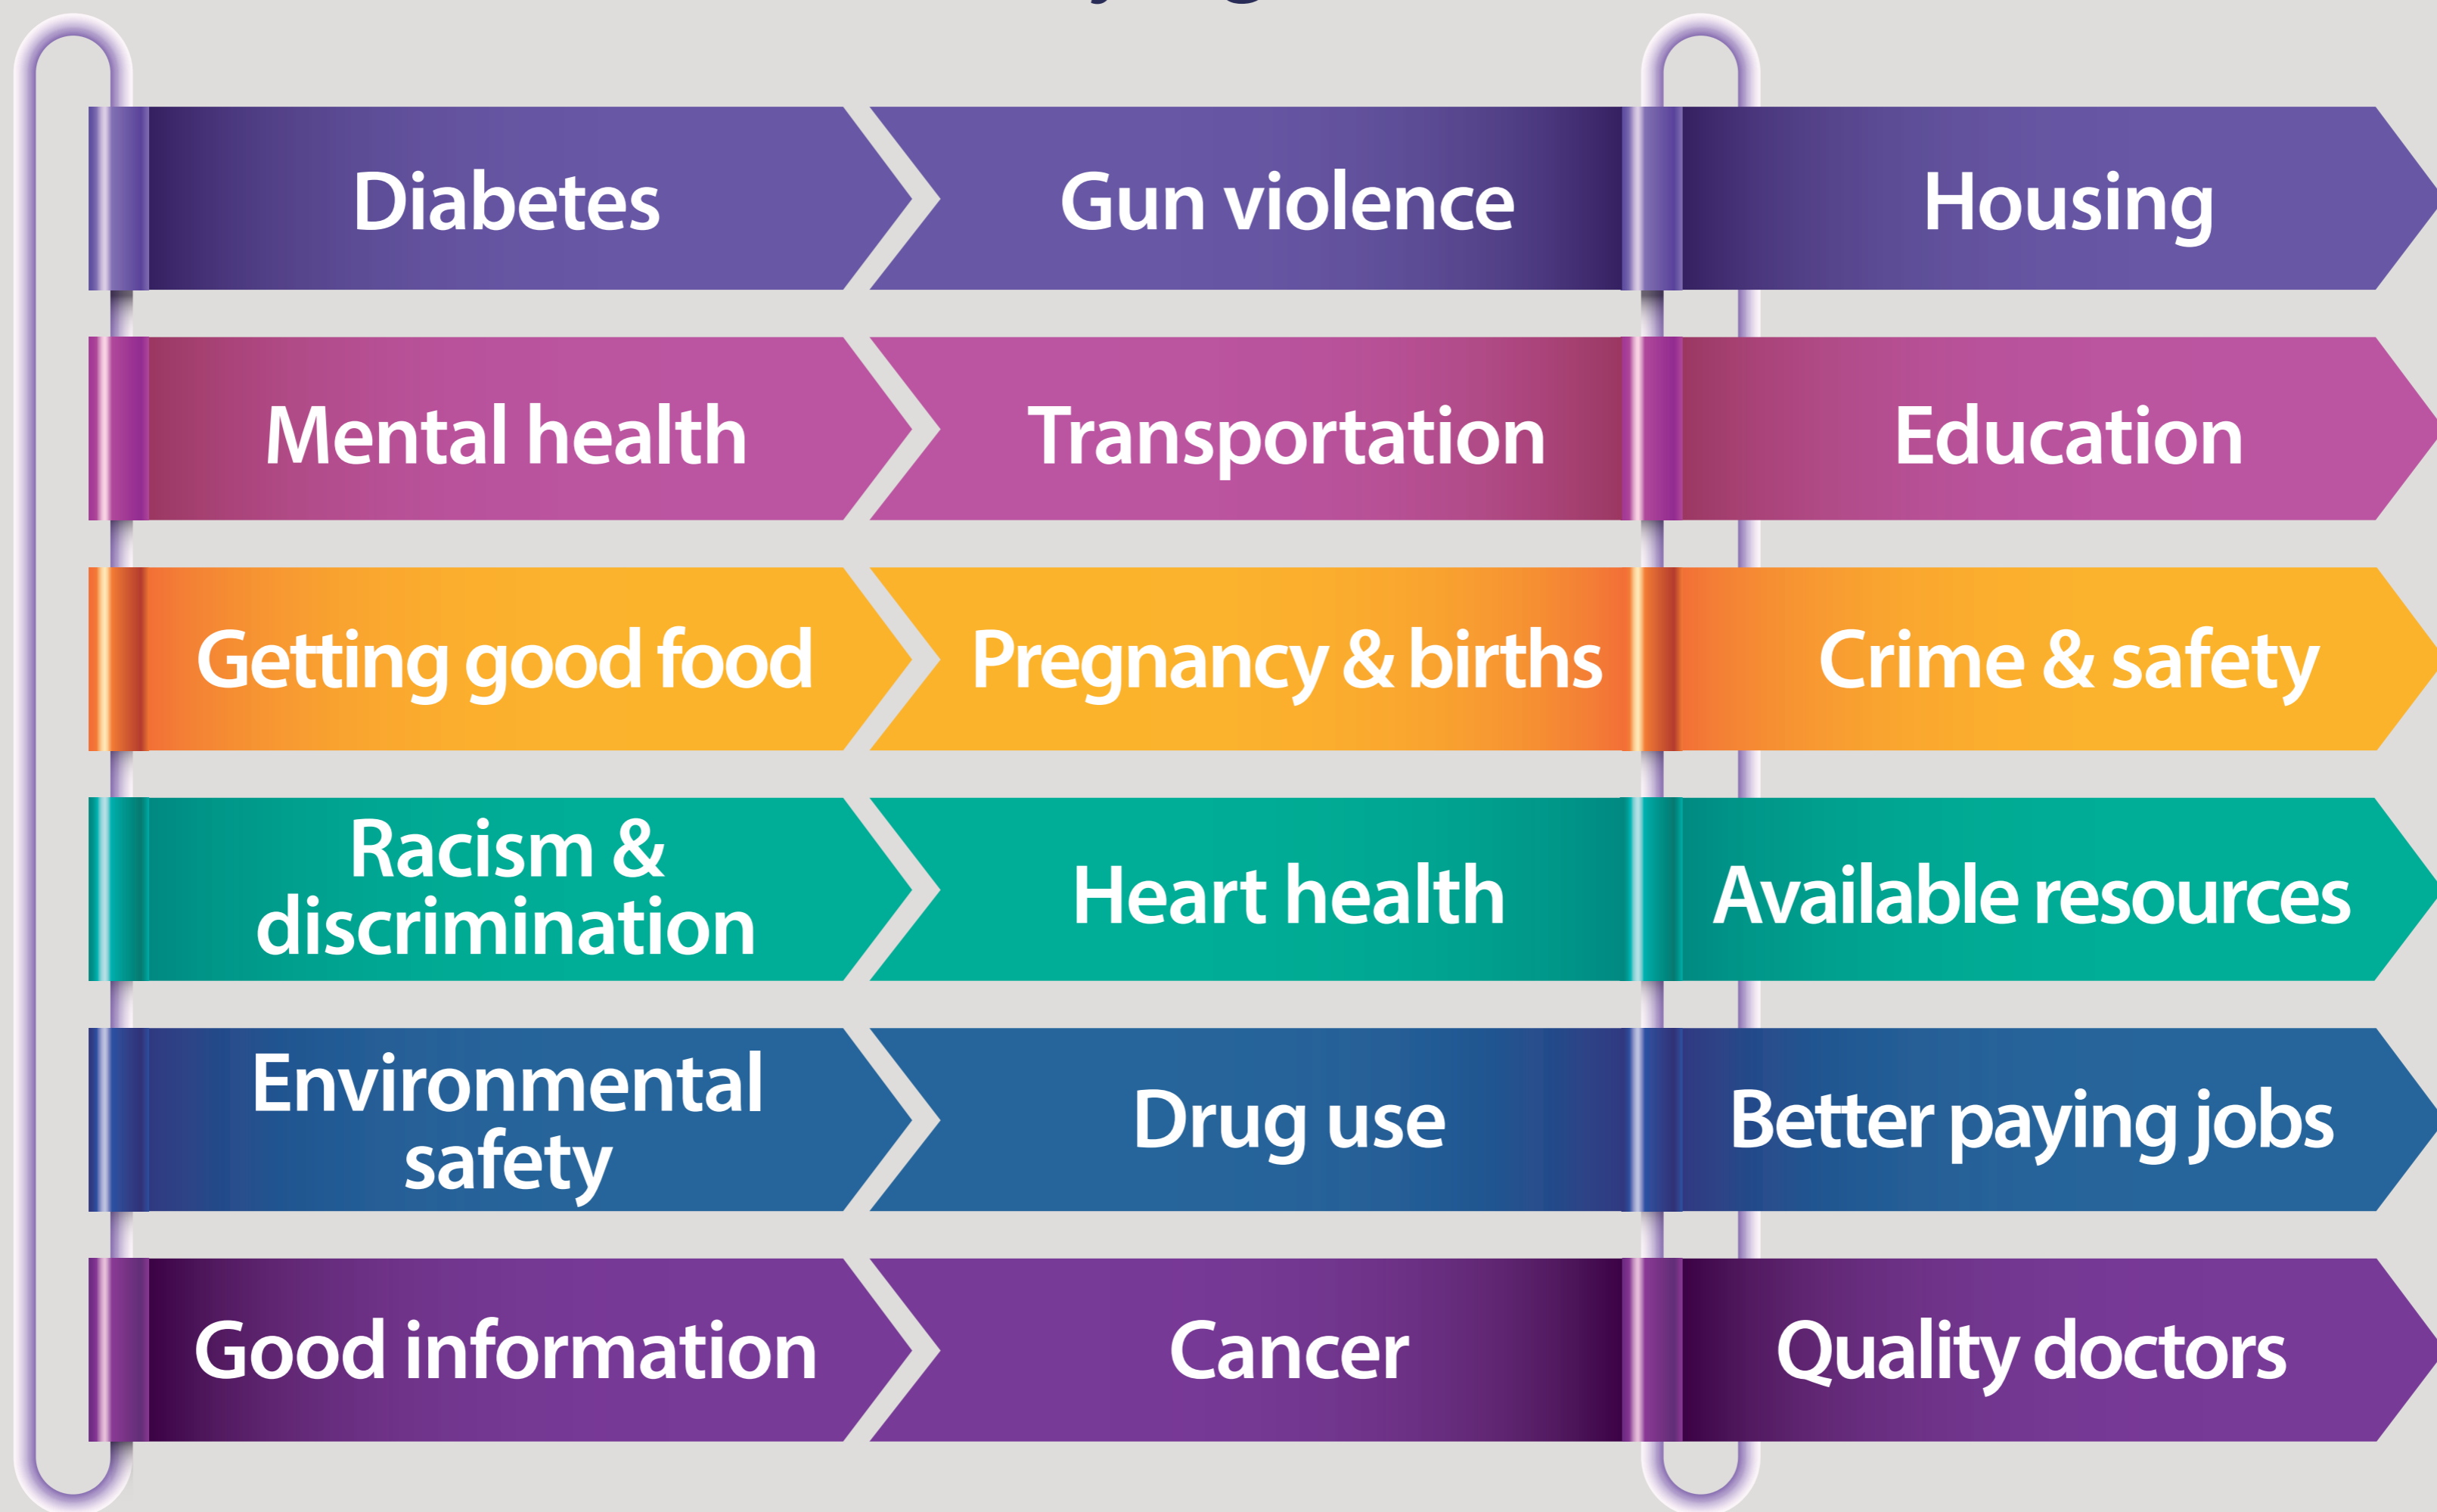

Table 3. Priority Health and Social Topics by Population

Population	1st Priority	2nd Priority	3rd Priority
Overall (all populations)	Mental health	Housing	Education
Previously incarcerated	Housing	Mental health	Better paying jobs
LGBTQ+	Mental health	Housing	Available resources
Youth	Education	Gun violence	Mental health
Homeless or unstable housing	Housing	Mental health	Better paying jobs
Immigrants/Non-native English speaker	Discrimination	Education	Drug use
African American	Mental health	Housing	Gun violence
